September 8, 2010

To Whom It May Concern:

We have worked with the Stevens Company for the past two years as they managed the complete overhaul and hosting of our web-site and the development of an event management system. I worked directly with Steve and Justin to develop the look, content, event and content management system for our site. The Stevens Company was extremely professional throughout the whole process and their guidance in completing what turned into a very large project was invaluable.

We are quite happy with the new look of our site and the quick response by the Stevens Company to any maintenance concerns we may have.

I would strongly recommend the Stevens Company to any organization looking for website hosting, design, or other needs without hesitation.

Sincerely,

Laura Rannals  
Marketing/Public Relations Director
