Looks like we have all the bugs worked out and the site is done. THANK YOU!! You guys did an awesome job and we will be sure to get the word out. We will be doing our "big unveiling" email blast on Monday, so I'll keep you apprised of comments we receive.

I do know that Tracy is trying to figure out how to add more color to the home page since we are a printing company and color is our "thing." Any ideas?? However, overall we are very pleased with the outcome!

We have received excellent customer service from your entire team, and I really appreciate that we didn't have to correct a bunch of spelling errors on the test site. Your team does a great job! Special thanks to Brian and Justin for working so closely with me and getting everything completed timely. Thanks again! It is great working with you guys!
