To Whom It May Concern:

It is my pleasure to write this letter of recommendation for The Stevens Company. In 2008 our organization received a grant for website redesign. As the CEO of a nonprofit organization, it was imperative that I located the best website development firm while keeping costs in check.

Through a competitive bidding and presentation process Gabriel's Angels chose The Stevens Company to design our new website. We worked closely with the CEO, Steven Mueller and V.P. of Technology, Justin Rickman. Our website was delivered on time and within budget. Since the launch of our site both Steven and Justin have been very responsive to any questions and have resolved any matters with the utmost professionalism.

We continue to work with The Stevens Company and utilize their hosting services as well. They are experts in their field and clearly care about customer satisfaction. With a track record of twenty two years in website development, advertising and marketing, this company has a proven successful track record. I highly recommend The Stevens Company.

Sincerely,

A handwritten signature in cursive script that reads "Pam Gaber".
